### Security and Government Advice

Living Adventure assumes names and passport details on the 'BOOKING FORM' are the same on the passport you are travelling on. Your booking cannot be confirmed without provision of these details.

Living Adventure recommends that you check that you have a valid passport with a minimum validity of 6 months post departure from the date of exit and appropriate entry visas on the itinerary. If you are concerned about the political and security situation of any country, Living Adventure recommends that you contact smartraveller.gov.au or your government travel advice department.

It is also recommended to register your travel and contact details at smartraveller.gov.au, so an Australian Government representative can contact you in case of an emergency.

### Medical Declarations

You must also inform Living Adventure in writing during the process of booking of medical conditions, pregnancy, disability or other mental and or physical condition which may affect your fitness to travel.

### Travel Insurance Declarations

#### Travel Insurance

If you incur medical expenses while overseas and you don't have travel insurance, you are personally liable for covering these costs. The Government cannot pay for medical expenses overseas. Therefore, travel insurance is compulsory on tours and recommended while you are overseas.
